# Level 5 NVQ Diploma in Occupational Health and Safety Practice (3654-06)

## INITIAL PROFILING FORM

**CADUK carries out initial assessment to ensure that learners are on the correct programme and properly supported. If we design and manage this initial process well, we can use it to gather information to support the whole of the learners' experience and inform other stakeholders who are interested in the learners' progress and success.**

**The Level 5 NVQ Diploma in Occupational Health and Safety Practice is for learners who wish to develop their skills and knowledge in managing health and safety for the workplace. They will have an autonomous role in their organisation for managing health and safety policy and practice. They will report direct to or be part of the senior management team. They will recommend and implement changes relevant to their role. They will be aware of cost implications and budgetary control.**

CADUK is requesting this information to ensure that learners from a wide range of backgrounds and experience are treated equally, and in compliance with UK law. CADUK also uses this information to maintain effective communication with the learner, and to determine that they have access to the Qualification.
